**Subject:** Question on the determination of the total financial assurance amount

Hi Alison and Rebecca,

Per Alison's request for an email describing the total financial assurance amount in the Draft Permit at Part II.L.1.a, please see the following description.

According to the Excelsior application revision in July 2017, the year of shutdown net closure for Y10 is \$8,555,781. EPA added an additional \$236,548 for 5 years post closure monitoring using the 11 outer observation wells. The total amount of \$8.792 million in the Draft Permit is 8,555,781 plus 236,548 = 8,792,329 (rounded to \$8.792 million).

Thanks, Nancy
